YAKUM, OUR PARTNER IN ECUADOR

Every purchase from **Celebrate Planet Earth** helps support reforestation in 5 indigenous communities in eastern Ecuador through our conservation partner, **Yakum**. Native trees are being planted to provide traditional foods, medicines, and handicraft materials. Yakum is also training young forest guardians to map more than 59,000 acres of forest. In addition, Yakum has responded quickly to the pandemic, providing fast-growing food plants like plantains and tubers, and traditional medicines like ginger and garlic in areas where food supplies and incomes have been disrupted.

SUPPORT PLANET-FRIENDLY HANDICRAFTS

Our finger puppets are great for learning & sharing what we know about life on Earth. They're more than toys! These finger puppets open the door to lessons about pollinators. They're reading buddies or a reward for a job well done. The puppets are great for another reason. Artisans in rural Peru make each one by hand. They receive fair wages for their work, which helps support their families without overusing nearby natural resources. We're so proud to offer these knitted treasures.

BEE BUDDIES **\$10.00**

5 child-sized, BEE finger puppets made by women in rural Peru. Buzz, pollinate & play from flower to flower as a busy bee.

20 BEE BUDDIES **\$30.00**

BUTTERFLY BUDDIES **\$10.00**

5 child-sized BUTTERFLY finger puppets made by women in Peru. Flutter & fly, pollinating every flower in the garden.

20 BFLY BUDDIES **\$30.00**

WILD WIGGILYZ **\$10.00**

5 assorted finger puppets—wild creatures, farm animals, reptiles, insects, fish & birds—made by fair-trade artisans in Peru.

20 WILD WIGGILYZ **\$30.00**

At **Celebrate Planet Earth**, we passionately believe that experience, celebration & play connect children –& all of us–to the natural world.

Celebrate Planet Earth puts nature into the hands of children. With classmates & family members, children plant sunflower seeds, observe the metamorphosis of butterflies, feed birds & care for gardens & trees.

Our aim is to inspire millions of children to celebrate & protect the Earth every year through actions large & small.

Our vision is to grow the next generation of heartfelt conservationists.
